NORTHPORT.

From Our Own Correspondent.
Mrs. Oatman, of Gananoque, has been visiting Mrs. Demill here.

A great many are going to Picton on Saturday to Conference.
Northport Base Ball club received a challenge from Shannonville which they have accepted to play on Friday 4th inst.
The boys of our Base Ball club have each presented themselves with a fine suit for the purpose, which looks well for their future perseverance.

Our new church is progressing very rapidly, the brick work will be all done this week and when done will be a credit to the workmen and also to the congregation who are having it done.

BARDOLPH.

From Our Own Correspondent.
Roads are in a fine condition.
Farmers are nearly done sowing in this vicinity.

House cleaning is the principal rage.
How about our post office when H. B. S. leaves.

Mr. H. B. Seelye our worthy postmaster is talking of moving back of Arden. He has a steam saw mill.
Mr. Sidney Woodcock while fishing one day last week caught a large eel. It took two to bring it to shore. It measured 38 inches in length and 9 inches in circumference.

Mr. Louis Bell is erecting a new house. Who is going to be the lucky girl? Look out girls.

Miss Melissa Woodcock has returned home after stopping in Nanapan. She was with her sister in law who is seriously ill.

LONSDALE.

From Our Own Correspondent.
Although times are considered hard and money scarce people manage to have fine carriages and harness.

We noticed on Saturday last three top buggies two open buggies and one spring wagon leaving Mr. John Bruin's carriage shop, as also several others in the same week; with nice carriages it is necessary to have new harness which makes lively times for both branches of business.

Any amount of eggs and deacon skins taken in at the stores here, buyers coming every week and leaving with heavy loads.

On Sunday last Mr. John Roach of the 5th concession went to take his wife to see Dr. Hudson, at Roslin, she having been unwell for a short time; on arriving at Mr. McLaren's Hotel she did not feel well as when leaving home, he dispatched a man in haste for the doctor, who when he arrived found her dying. She leaves a family of six small children, her husband was largely attended on Tuesday at the R. C. Church, Marysville. Mr. Roach lost a child a short time since, also a brother, and now his companion; his many friends feel the greatest sympathy for him in his sore affliction and bereavement.

We are informed by public print that Deseronto is negotiating for a railroad from that town to Lonsdale which we think is a step in the right direction and we wish you success in the enterprise.

DEMORESTVILLE.

From Our Own Correspondent.
The District Meeting for the Methodist Church of Prince Edward was held at Wellington on the 18th and 19th; the Rev. J. S. Clarke, of Picton, in the chair. The Rev. T. J. Edmonson, of Redville, was elected secretary, with Rev. Mr. Wilson as assistant. There were two cases of appeal from the lower courts, the one having reference to the character of a layman, the other regarding the sale of church property. In the first case the appeal was sustained and the brother restored to membership in the church; in the other it was decided that the District Meeting had no jurisdiction, but a resolution was adopted advising a rehearing of the case.

The Rev. Mr. Tomlin was elected on the standing committee, and the Rev. Mr. Baker on the Sabbath School.

Mr. Nehemiah Wood was elected lay delegate to the Annual Conference from the Demorestville Circuit.

All the returns from the various funds of the church, and the membership returns show that the Methodist Church of this county is in a healthy and progressive state.

The Rev. Hiram Williams, of Sydney, and the Rev. J. Cook, of this place, exchanged pulpits on Sabbath last. Mr. Williams is a native of Big Island, and his ministrations on Sabbath were heartily appreciated by the people.

PICTON.

From an occasional Correspondent.

The 24th May was a gala day here, no less than four excursions coming to the town during the day. One over the C.C.R. consisting of nine cars, with "all Trenton" aboard; one from Nanapan on the "Reindeer"; one from Belleville on the "Varuna"; and last, but not least, the moonlight on the "Quinte" from the "city."

The races in the afternoon were the central attraction, and were certainly the best ever held here. One of these was the trotting moose, the property of Mr. Cunningham, of Trenton, which certainly was a surprise to all.

The hotels were crowded all day long (and all night too if the truth were known) for Nanapan stayed behind in squads, and one old toper was heard remarking that he hadn't had a "smile" since last May, through that damned (Canadian-Scott) Act. Everybody seemed to enjoy themselves, and all expressed themselves surprised at the cemetery, which is certainly one of the most beautiful in Ontario. A large number of excursionists drove to the Sandbanks, while as many more went to Glenora, which was formally opened for the season on that day. The Belleville and Nanapan boats left about 5:10 p.m.; the Trenton crowd about 8:30 p.m. on the train. A jollier crowd you never saw for they took in Picton and they fought clear through to Trenton. One Consecration said he could

fight any man in the train. Every Trenton man was at him in a minute; he called for help, and of course Consecration responded, and a tableau ensued (hair blood, cast words, etc., etc.). The next morning the Consecration man paid one dollar and costs.

About 10:00 p.m. the "Quinte" arrived with a jolly good lot of our Deseronto friends accompanied by the band, which received great praise from all. Their fine uniforms added to the appearance of the boat as she steamed to her dock. Unfortunately rain began to fall as they arrived, which of course marred the fun, and the boat returned earlier than she would have done. A number of Picton people returned home again about 2 p.m. They report spending a very jolly time, and so the 24th on in Picton's dusty streets with lights all out and fourteen in goal.

The new storehouse is rapidly approaching completion; over 100 persons will be employed there.

The Rathbun Company are building new storehouses and coal sheds at the wharf, which together with Mr. Hepburn's new building give the harbour quite a new appearance.

The Amateur Comedy Co. gave an entertainment in the Town Hall last Wednesday which was their making effort. The amateur farce, entitled "The Two Frigidities" was well received, and the company have been asked to repeat it, which they intend doing ere long.

The Century Soap Co. are commencing the manufacture of a superior toilet soap which is said to be the best. Mr. Owens has just returned from New York where he has been purchasing machinery for its manufacture. He will take the road with samples next week.

The largest variety of Tobaccos and Cigars in town is at Bruton's. See his large Jumbo plug of chewing at 15cots or 2 for 25cots.

READ.

From Our Own Correspondent.
Mr. Neil Campbell is painting Mr. J. C. Hanley's residence, after which a number of other jobs are waiting for an application of his magic brush.

Mr. Lally is engaged erecting a new building for Mr. J. C. Hanley 30 by 100 ft. The raising of the place last week.

Mr. James Melagher's new barn 60 by 48 feet was also raised last week, under the superintendence of Mr. Michael Gaffney the popular and energetic contractor.

Mr. John Smith lost a fine horse valued at \$200 last week. The animal came in contact with the handle of a fork, which entered his flank and he only lived two or three days.

Some of our local Nimrods have been dispatched on theirelves lately. One day recently one of our young hunters killed a ground hog and placed it among the stones at the fence, near a big barn, in such a position that it seemed to be sticking its head out viewing the surroundings. Two of our mighty Nimrods in going down to the barn after dinner got sight of the animal. The man who was ahead turned and beckoned to his companion to halt and go back for the gun which happened to be loaded. He lost no time in getting the gun and letting fly at Mr. Groundhog, but he never stirred. The first man said, "you can't hit the side of a 100ft. barn, give me the gun and let me try." He took the gun, loaded it and blazed away and the animal rolled over dead as a door nail. The victorious hunter shouted "I am the boy who can shoot and went over to examine the game, but to their dismay they found the body cold and stiff in death. They concluded to say nothing about the matter, but the rumour happened to be about at the time and gave the boys away.

The committee who have in hand the arrangements for the grand picnic on the 17th inst., in Hanley's Grove, are making every effort to make the picnic a great success and the greatest event of the season. The former picnic in this district were always successful, and as there has not been a picnic now for two years, no effort will be spared to make the one this year a great success. Games, music, dancing, and amusements for old and young will be provided, and no pains will be spared to afford recreation and amusement to all. If the weather only proves favorable hundreds will be attracted from the surrounding country. Come on. Come all.

Mrs. Fairman has been meeting with great success as organist and leader of the choir. Her praiseworthy efforts to improve the singing and to render the church music as good as possible are fully appreciated. During the spring it was not an easy matter for the choir to attend practice regularly, and yet with all hindrances and difficulties the choir has been able to hold their own.

We understand that Mrs. Fairman intends shortly giving a musical entertainment in Hanley's Hall.

"It must be truly confessed, Charlie was not shooting his best, He missed the bird near, And the bullet we hear, Was found in a whip-poor-will's nest."

Last Sunday Mrs. John Roach, of the 5th con., died rather suddenly. She had been complaining for some time, but no serious consequences were apprehended, but on Sunday last she felt weak and faint and shortly after expired. The deceased lady was a daughter of Mr. Michael Ford, a most excellent young woman and universally respected. She leaves a family of six young children to mourn her untimely loss. The funeral took place on Tuesday last at the Catholic Cemetery, Marysville, and was largely attended.

We regret to learn that Mr. Brennan still continues in a poor state of health.

Measra Hays and Thomas indulged in the pleasure of a free fight in a hotel yard last Tuesday having previously indulged in something else. No particular damage done except that lots of "earmings" flowed from the noses of the respective combatants. The serious part of the business is that two drunken lads should be allowed to fight for a considerable time in full view from our principal thoroughfare without interruption of any sort.

DANIEL GOOMERTHY was arrested on Monday by Chief Gonyou on a warrant issued at the instance of the Citizen's Insurance Company. He is charged with the fraudulent removal of goods from the store of Mr. C. Goomerty previous to the late fire. On searching his house at Forest Mills the officers discovered a still and other material used for the illicit distillation of spirits. He was examined before Mr. James of Napane by whom he was committed for trial at the next County Court.

We observe that some farmers having no fear of the law before their eyes the notion of which is represented in the portly person of our worthy Chief of Police, have got into the habit of tying their teams to the shade trees growing along the side of the road. One of these gentlemen hitched his horse to a tree in front of Mr. Potra's residence and while about his business the horse got both his forefeet on the boulevard and otherwise enjoyed itself at the expense of the town. No doubt the responsible officer must be stopped we call upon Chief Gonyou to look out for them.

We would call attention to the letter of "Vomme je trouve" on the Early Closing Movement and trust that our merchants will give it careful consideration and ponder over the truth contained in it.

The vote on the second reading of the Home Rule bill will be taken Tuesday night. Mr. Chamberlain has in an able speech placed himself in direct antagonism to the present bill, and his action has disconnected the government and may possibly prevent the second reading, and lead to an immediate dissolution. Mr. Chamberlain favors a federal union which in course of time he no doubt effected. He also favors the formation of Ulster into a distinct province of his proposed federation a mischievous policy which we hope will not become law. Mr. Gladstone may possibly fail in his present measure, but his action is certainly not to be gained for Ireland the precious boon of home rule, as, whether defeated or not, the establishment of a national legislature for Ireland is certain. In the event of an appeal to the people his vast influence with the masses will probably again place him at the head of a strong majority in Parliament.

LOOK at what you can buy at Bruton's for 5 cents a pound, New Dates, Figs, Prunes, Dried Apples, Rice and Raisins, and all kinds of groceries cheaper than ever. Dingman's celebrated Soap, 4 bars for 25 cents. All goods delivered promptly.

COMMUNICATIONS.

EARLY CLOSING.

To the Editor of the Tribune.

Sir,—As the summer months are now on us, it will be in order to say a few words on the question, on which I observe you commented editorially in your last issue, viz.: the early closing movement in Deseronto. In nearly every place of importance, all stores of respectability close earlier in the summer months than they do in the others. The motive being, the welfare of the clerks who have to work long hours in a heated, and often vitiated atmosphere, during what is known among us as "the hot days."

There is, I am informed, a motion on foot among the employees, to present a petition to the merchants of this village, asking them to close their stores on Tuesday's, Wednesday's, Thursday's and Friday's at 5 o'clock, during the summer.

This, Mr. Editor, I am sure you will agree with me in saying is a very modest and reasonable request, and I hope for the sake of humanity, that their prayer may be acceded to, and I have no doubt it will be. I have yet to hear that the merchants of this village are either covetous or grudging, or in any way desirous to act but for the welfare and well-being of those who are in their service.

I may say, that I have myself interviewed one of our leading merchants, who says he sees no difficulty in granting the requests provided the winter store keeps open. Of course, when one closes, all should close, but I say, without fear of contradiction, that if but one merchant, and only one, in this town, should close up his store at seven, believing he is doing to his clerks as he would be done by, were he in their place, that man would be no loser. He would, in the first place, have the respect of the community, and secondly, the satisfaction of "a clear and quiet conscience," that he has helped to carry out one of the Divine ordinances.

If the citizens, Mr. Editor, would lend a helping hand, by determining that on no account will they shop after the hour mentioned, the wrong of the hour will soon be right itself, and to the citizens, especially to the ladies, as direct enforcers of the law I appeal, to see that those who show, by early closing, that they worship God, and love their fellow man, shall meet with no unfair competition from those who do not.

Of course, Mr. Editor, I need not say that my observations do not apply to certain shops, such as druggists and ice-cream saloons.

COMME JE TROUVE.

FOURTH CONCESSION, TYENDINAGA.

May 28th, 1886.

From Our Own Correspondent.

It is seldom that we hear of a cyclone in this fair province, but I believe they are common enough in the western states of America. Some of our oldest settlers, men of eighty years of age, now living, tell us to equal the great wind storm of the past week. It commenced in the south and

then veered round to the west, sweeping through the states of Missouri, though fortunately not taking any houses with it as it moved along in its mad career. What astonished the people of Missouri is, that all parts of the township, Melrose, situated as it is, in a low and level part of the country, and completely surrounded by hills, should be chosen for a cyclone to sweep along howling and screaming as though the Old Man had let loose some of his imps from the lower regions. For some time I remember that Melrose has made steady progress. As proof of this assertion we may say, that in 1860 there was one small church and two large hotels; now things are reversed, as there are two large brick churches and only one hotel. It is then surprising that the people of Melrose, a law-abiding and church-going people, should have been so completely struck Shannonville or even Lonsdale. But to return to my story. On Monday the 17th day of May it struck Melrose about sundown. I need not inform you of the havoc it made that night, as your correspondent from Melrose informed you last week, and you can rely on what he wrote, because he was present when it happened. It is an old story; you told such an one, and such an one told another, and he told me, and now I am going to pay you for it with the result of which you have been informed. And so ended the first day's cyclone.

On Tuesday, however, it was even worse, for a brother of the one referred to as the call by your Melrose correspondent, a small school teacher, who had been in his house for the purpose of making peace. The thunder and he met at a store in Melrose. They had not reached the street till the cyclone overtook them and lifting them quite a height dashed them furiously to the ground with the little man on top. I suppose it was because he was so small and so very light that the wind got under him and turned him on top. The other, rising, found that his elbow was out of joint, and he helped Dr. Foran's man out of joint, and was fully attended. How fared the little man? Well I went out to see him next day and found him eating a hearty breakfast, two or three slices of ham and two or three eggs, so I concluded he was not badly hurt about the stomach. I thought, "Laws a few black spots about his eyes, but not having my 'specks' with me I may be mistaken. So ended the second cyclone.

On Wednesday it broke out again with redoubled fury. Pickets had been placed on all the leading roads coming into the town, and scouts were dispatched to bring in the western mail, which arrived early, but not early enough to capture the enemy who had retreated to the 4th con. to share sheep. After marching and counter-marching through the town for a time, the general, after a council of war, determined to follow the enemy, but was out-manoeuvred, intelligence of their movements having reached the enemy. It was an old man, 88 years of age, the father of the little man, whom they were after. He prepared for the encounter. On his way home he was ordered to get out of his buggy and face two young men, pugilists, in appearance equal to Sullivan, but lacking in courage. Some think they wanted to scare him, but he would not scare two of a cent. On he drove to the village; another cyclone raged. The old man sat in the buggy watching his opponents perform. The hurricane increased and though it did not lift him from his carriage it took some of the harness off his horse. Thus ended the cyclone without any loss of life or property. The next meeting will probably be held at the house of Mr. John Eaton's, J. P., or at Mr. J. B. Flint's, E. M. But will.

Now readers, take warning, don't laugh at my prose. You here what has happened the scribe of Melrose. Had he not abused me, but left me alone, He might not have been caught in the Melrose cyclone.

IN MEMORIAM

H. R. R.

Gone home to rest, his life work nobly done,
The toil all ended and the haven won,
Gone home to rest where care and trouble
And Christ's beloved sleep in perfect peace.
Not dead, still living nearer God than we,
Knowing dead things which we but dimly see,
And reaping in God's peace the full reward,
Of that true life he lived in Christ the Lord.

How much lies in laughter—the cipher-key wherewith we decipher the whole man! Some men wear an everlasting barren simper; in the smile of others lies the cold glitter as of ice; the fewest are able to laugh what can be called laughing, but only sniff and titter and snigger from the throat onwards, or at least produce whiffling, husky cavillation as if they were laughing through wool. O! none such comes good—*—Carlyle.*

The Tribune.

FRIDAY, JUNE 11, 1886.

SHANNONVILLE.

(From Our Own Correspondent.)

Miss Libbie Peake left on Monday last week to spend a few days with relatives in Kingston.

Miss Nettie Clark is visiting friends in Pictou.

Mrs. Jas. Howell, of Brockway Centre Mich., is visiting at her mother's, Mrs. Win. Earle of this place.

Service was conducted in the Methodist Church, Sunday morning last, by two of our local brethren, Messrs. French and Fairworth.

The wife of Mr. Wm. Brown, of Thurlow, died on Thursday morning last after a lingering illness. The funeral services were conducted in the M. Church on Friday being largely attended; her husband and children have the true sympathy of the community in their sad bereavement.

SOPHIASBURG.

(From Our Own Correspondent.)

A grand surprise party came to Mr. Cornelius Benson on the 3rd inst., it being for the purpose of celebrating Mr. B's birthday. A large party of friends and neighbors, including some from Napanee, Pictou and other places, from a distance arriving in squads, heavily laden with baskets of good things, which the ladies of Sophiasburg so well know how to prepare. They took the old couple quite by surprise as they knew nothing of it until they came on the scene of action.

Tables were soon got ready and quickly were groaning under the load laid on them. It is needless to say that ample justice was done to that part of the business, showing that the efforts put forth by the ladies were fully appreciated. Mr. Benson is 72 years old; he is hale and hearty and more boyish looking and acting than many of his friends not more than half his age. May he live to see many such gatherings.

Mr. Garrett Benson, one of the pioneers of Sophiasburg, died at his son's residence on Monday, aged, I believe, 81 years. The old people are fast dropping out.

Conference in Pictou had been all the talk for the past few days. Large crowds are continually to be seen either going or coming from town. The black broadcloth gentry are very numerous. I think Pictou should be a good place after so much preaching.

We had a fine shower on Monday, not near enough to satisfy the parched earth; it turned very cold after and blew an awful gale.

MARYSVILLE.

(From Our Own Correspondent.)

Mrs. B. McGuinness and children have been spending a couple of weeks with relatives and friends in Trenton.

Mrs. Barber, of Winnipeg, and Mrs. Corbin, of Pawlings, N. Y., are visiting at the home of their father, B. J. Allison, Esq.

Little Doris Ryan while on her way to school one day last week got her foot run over by a wagon. We are glad to hear that the little sufferer is recovering rapidly, and that no permanent lameness is like to ensue.

A number of people attended the funeral of the late H. B. Rathbun, Esq., in Deseronto last week.

Mr. Will. Ryan, a former resident of this place, but now of Toronto, was in our village on Monday. He looks hale and hearty and reports things as running smoothly with him.

On Wednesday last week Mr. B. Burr, of Pawlings, N. Y., was married to Miss Martha Allison, at the home of B. J. Allison, Esq., father of the bride. The young couple wish the good wishes of numerous friends went by way of Toronto and Niagara Falls to their future home in Pawlings, N. Y.

Mr. Allison and his wife have lived in the immediate neighborhood of their present home for about forty-seven years. They reared twelve children, six boys and six girls, of whom two boys and one girl have gone to "that bourne from whence no traveller ever returns." The remaining sons and daughters are married now and are sober and thrifty people, being worthy children of worthy parents. It is to be wondered at that the honest couple should experience a feeling of loneliness as they stood in their doorway and watched their last child leaving the old homestead, and realized that they were again as they started together in life.

TYENDINAGA RESERVE.

(From Our Own Correspondent.)

Many are suffering from Typhoid. A team of horses owned by Mr. Albert Mark ran away on Monday last week. Mr. Mark was driving the horses and soon found out that he could not overpower the animals. Mr. Mark received some injuries but not severe.

Prof. F. Crow and family departed on Saturday morning for Toronto to fill an engagement.

A pleasant Parlor Party was held at the Farmhouse on Thursday evening of last week.

Miss Lizzie Hill is suffering from a severe attack of illness.

On Saturday last Mr. Jacob Brant returned home from Oneida, N. Y. State. Jake reports having good times while with the Yankies, and also says "Scott Act" over on the other side.

On Monday last Capt. W. Powles made a trip to Capt. John Island with a load of colts where they were left for the summer's pasture; by John Topping two colts, A. Culbertson one, and A. Mark one.

The concert which was held at the Council House on Wednesday evening was a success both to the hearers and finance. The Council Hall was packed and the musical department gave the highest satisfaction to the audience, which was largely shown by appreciative demonstrations, and many expressed wishes for another similar concert. Prof. Crow has agreed to comply with the wishes expressed by many about the first week in July when he and family will return to this part of the country to give us another concert.

Teas, Coffees and Groceries at surprisingly low rates at the Belleville T. and Grocery House.

GREEN POINT.

(From Our Own Correspondent.)

Death has again reached our peaceful shore. The funeral of Mrs. John Curlett took place at Mount Carmel on Wednesday the 2nd, at 2:30 p. m. Rev. J. Wilson, of Napanee, preached, being assisted by Rev. Mr. Seymour, of Thomashburgh. Mr. Wilson preached a very eloquent sermon to a very large audience, many of whom were mourners. The deceased lady was very largely connected in the county, where she has always resided. About 50 years ago she was united to her companion who survives her. They have brought up eleven children, all of who are living, three at home and several in the neighborhood, and several grand-children to pay the last tribute of respect to their deceased parent. The remains were interred in their family plot in the 2nd concession. She was in her 71st year.

Mr. & Mrs. L. Vancleaf, of Athol, were guests of H. T. Carman on Tuesday.

The Rev. Mr. Seymour and lady, of Thomashburgh, were the guests of Mr. L. Lyons during conference.

Mrs. Scott, of Athol, was visiting her mother, Mrs. H. Cole, the forepart of the week.

On Monday 31st, the Sophiasburg Court, civil and criminal, of the 2nd Concession. Afterwards the ferry question was discussed. Messrs. Welsh and Powles did not accept the corporation requirements.

Mr. & Mrs. A. Badgley, of Deseronto, made a flying visit to her former home here on Tuesday.

Mr. F. Dwyer, of 2nd con., had a horse very badly hurt on Friday by coming in contact with the wire fence.

Harvey Allen also had a colt very badly lacerated on Tuesday.

READ.

(From Our Own Correspondent.)

On the 3rd inst. Mr. Thomas Keenan, of the 5th Con. died after a long illness, in the 88th year of his age. The deceased was an old resident and was buried in St. Charles Cemetery.

Miss Julia Hanley has been visiting friends in Percy.

Mr. Hanley, the Reeve, and Messrs. West and Milligan, Deputy Reeves have been attending the County Council during the past week.

The Rev. Father McCarthy left for Kingston on Tuesday. A mission is at present being held in the Catholic Parish there.

Mrs. West, of Belleville, is visiting Mrs. J. C. Hanley.

Mr. Neil Campbell having finished painting Mr. J. C. Hanley's residence is now painting the residence of the Rev. Father Hanley.

Mr. & Mrs. James Walsh have been visiting friends in Madoc.

The Committee having the arrangements for the Grand Picnic to be held in Hanley's Grove on Thursday next the 17th inst., as already announced, have been busy making preparations. They have spared neither time nor expense in carrying out their plans. From all we hear we have no doubt, should the weather prove favorable, that the picnic will be a great success and the great event of the season. A full Brass Band will be in attendance and a string band for dancing. Prizes are offered for all kinds of games and a Gold Watch will be awarded to the young lady, who has been most successful in selling tickets. Arrangements have been made for the care and feeding of horses on the ground and nothing will be left undone to afford every accommodation. The object of the picnic is to increase the fund for the building and improvement of the Church. Where the cause is so good, the attractions so great and the pleasure of meeting friends at such a reunion, all are anxious to draw large crowds and we have no doubt that thousands will be in attendance.

The sad news of the death of the late Mr. Rathbun has been a great regret throughout this community where the deceased gentleman was well known and his energy, ability and sterling worth were well appreciated. The Aurora and recollections of their early associations with Mr. Rathbun and trace their success in life to the start made while in his employ.

The long drive was beginning to tell on the crops but on Monday we had a few showers. These freshened everything but a good rain is badly needed. The Aurora is very bright on Friday and Saturday nights.

MACDONALD.

(From Our Own Correspondent.)

Mr. Thos. McWain starts on Monday next to Hamilton to learn to run his new machine. May he have all success.

By the number of driving parties to be seen driving more weddings may be expected. Young men are getting scarce and girls ever more handsome. If you do not believe me come and see for yourself.

Our sick are rapidly recovering. Our school has been conducted by Miss Carcallan to the entire satisfaction of the whole section.

The two Miller boys with their usual eagerness are making extensive repairs on their new store.

Mr. Harband's new house is completed and is quite an acquisition to the place.

Mr. Henry Goodfellow, our worthy postmaster, and S. S. Superintendent, has just arrived home from a two weeks visit to Peterborough accompanied by his daughter, Mrs. Foot.

The Messrs. Clarke, of Belleville, were visiting friends here last week, all of us were glad to see their pleasant faces once more.

Miss Bartly, of Napanee, was the guest of Capt. Bartly on Sunday.

Rev. Mr. Robinson preached his farewell sermon to a large congregation in the Bethany Church on Sunday.

Mr. Thos. McWain and Albert Blackely have purchased a new thrasher. We wish them success in the venture.

The grain in this section is looking well considering the dry weather.

Mr. and Mrs. Albert Davy, of Hay Bay, were the guests of Mr. George Spencer last Sunday.

Mr. Henry Seely is home for a few days. He reports doing a good business with his new mill in the back township.

Deseronto and Pictou.

June 4th, 1886.

Mr. B. Huyck made himself the present of a new buggy, last Saturday. Mr. Philletas Seely is getting his all rigged over. "Shoo Ry."

Last Friday night Mr. E. Carcallan and his sister, our popular teacher, started for Napanee in a sail boat. At the mouth of the river a squall struck the sail with such force as to knock Miss Carcallan into the water.

Mr. Carcallan jumped in after her and by great exertion got her in again. But in getting himself up he upset the boat and there being two big stones in her for ballast she sunk partly down, but they managed to keep their head above water until Mr. Keel and his son who had observed them came to their rescue just in time to save them as they had been in the water fifty minutes.

MELROSE.

(From Our Own Correspondent.)

The Melrose cyclone referred to by the fourth line correspondent though it may be a very witty get up has one great lack, viz.: on truth. Row number one has been told punctually. Well number two was considerable of a blow too, but the western blower was absent, so the other had a burst of courage and allowed they would finish him with clubs if he were there, and by three of them pitching on to thumper number one they managed to dislocate an elbow, and when this much about fifty-eight year old fellow beat he was no person to take it up, he drove back to collect evidence to see if there was a chance to prosecute these abused people for slander. While sitting talking they saw this man go along, and the folks of the house said it was the old man and his two boys. They overlooked them, and the blower from the west jumped out and told him to get out if he thought he could thrash him; the man with the dislocated elbow never got out of the buggy. Of course this old man did not get out. The row in the village afterwards caused considerable talk. As the old man had an overfall belonging to him with the lane above he took off the horse. The man with the dislocated elbow does not weigh any more than this "light" man from the "fourth." When the crowd collected at night the western blower "blowed" some more, and wanted some of them that wanted him the night before that evening and there was another cyclone. After he went home their courage came back, and they made up their minds that he was afraid of them or he would have stayed. Your fourth line correspondent has not heard all the news yet, for the talkers say the westerner went to choir practice that evening and there was another cyclone, and he was ordered out of the house of course. There is not the least shadow of truth in the story, but that does not bother them telling it; and now there seems to be a calm after the storm.

A great many of the farmers in this vicinity are having tracks put into their barns, two men went through the neighborhood last week putting them in.

People were a little surprised at the effusion from the "fourth," as they had not been told it was coming. The correspondent gets excited sometimes and tells them what to expect.

FOURTH CONCESSION, TYENDINGAGA.

From Our Own Correspondent.

On my way home from Deseronto on Saturday evening I got tired riding and went a short rest and a big refreshment. I strolled around to see my old friend Patsy. On entering I found a very handsome young man, a painter by trade, pleading very earnestly with him for some favor no doubt. I had not long to be kept in suspense, for the young man seeing me thought he had nothing to do but step inside the bar where my friend Patsy was and help himself to a certain bottle. In all my life I never saw a cat spring on a mouse as quick as Patsy sprang at the painter, uttering only four words, "Who runs this bar?" It was enough though for in casting my eyes to the window, the painter was completing his sixth and last jump, six times eleven is sixty six; what horse in Belleville or Pictou can beat that. Now some of your readers may think that bottle was not what was wanted to mix up with paint; my own impression is that the painter had been painting the inside work for two or three days and very likely that bottle was turpentine in order to dry it up as quickly as possible, it being Saturday evening he no doubt wanted it dry for Sunday.

Mr. Erasmus Morden, of this place, has a beautiful bay colt three years old. He has got it broken to drive single and also well night. Some very wild colts get very tame in presence of a young lady.
I am now going out to our Yearly Tribunal (Court of Revision) to try to get some news for next week.

small packet neatly stitched in olivcloth in my hand. But I am not the woman I was yesterday. My step is less elastic and swift; and as I mount the stone steps and enter upon the scene of yesterday's humiliation, my spirits are chill and gloomy. I have a longer wait to-day than yesterday, for it is one day nearer Christmas, and as the great feast-day approaches, the crowd at the post-office intensifies.

It is a long lane that has no turning; and

hand it back silently, and exchange glances with the Professor, who is smiling behind his hand. It is all the work of a minute: the government seal is stamped on the ends of the strap, with which my packet is tied; I take an arbitrary sum for its transport to England, and my troubles are at an end—but not my story. Five years later, when I am back in that smoky English town where I love to be, I learn that my packet, for which I had so dearly paid, is in body and in hard cash, had arrived after it was due, and that my troubles had found their way to the insatiable pockets of the Russian post-office official. My packet arrived at its destination—undisturbed!

"Has the carriage come to take me away?" is my first question.

"No; there has been no carriage," is the response.

There has been a remarkable dearth of
marriages in Deseronto during the past year
and it is a long time since our editorial sum-
mers have been disturbed by the proverbial
drum producing side of bridal cake. We
have approved of our good friend Mr. Mc-
Gaughey, the present *locum tenens* issuer of
marriage licenses, has been wearing a rueful
countenance as he contemplated the expira-
tion of his term of office without being en-
riched by the usual commission on fees. It
is pleasing to hear that the young ladies are
bestirring themselves, that several young
men have been brought to time, and that
within a few weeks quite a number of pleas-
ing social events will probably be chronicled
in these columns.

On Tuesday Mr. Chas. Leroy, living near
Shannonville, noticed a fine young heifer
cruising and giving signs of great distress.
The animal seemed in such agony that he
was expected to die. Mr. Leroy, thinking
it may have swallowed something, seized it
by the throat. After holding her for some
time he released his hold, when the heifer
coughed violently, expelling a good sized,
partially digested lizard. From the appear-
ance of the remains of the lizard it had
been in the stomach of the heifer for some
time. Its presence there can only be ac-
counted for from the fact that the cattle had
been in the habit of drinking at a low
swampy place. Dr. Leroy, thinking the re-
mains of the lizard, The heifer recovered
soon as relieved.—*Intelligencer.*

It is reported from Ottawa that a scheme
has been devised for removing the Indians
settled upon Reserves in Ontario to the
Northwest, and that the sanction of the
Government will be asked for it. It is pro-
posed that the present reserves shall be sold
for the benefit of the Indian tribes, at the
same time granting to Indians free tracts of
land in the Northwest to which they would
be removed. In this way it is claimed that
the condition of the Indians would be great-
ly improved, as the annual interest upon
the proceeds of the sale of their present
lands would be sufficient to maintain them,
while the reserves in the Northwest would
be as good if not better than those in Ten-
nessee. Such is the scheme, which is at
present, it is said, being discussed.

We interviewed Chief Sampson Green
in reference to his statement that there is no
thing in it, that the Indians would never
consent to such a sale or removal.

BETHEL.

(From Our Own Correspondent.)

Where is Bethel post-office, is a question I have been frequently asked, and the information of those of our readers who do not know I would say, that Bethel is on the Pictou and Deseronto road, seven miles from the former, and two miles from the latter, in what is known as the Bethel neighborhood. I might here say, we are in one of the best parts of the country, and one to judge from appearances, would say it was a prosperous neighborhood. There are three fine brick residences going up this summer. Mr. John Robinson is the worthy postmaster, whose smiling face we are pleased to see. He is always very obliging and ready to wait on all who call.

Master Burr Barrow and sister, of Deseronto, are visiting friends here; but, Mr. Editor, I am called away, and will have to leave the rest for next week.

SHANNONVILLE.

(From Our Own Correspondent.)

Miss A. Forward from near Kingston has been the guest of her cousin Miss L. Peake. Mr. and Mrs. L. E. Mills left on Tuesday last to attend the wedding of their niece, Miss Letitia Mills, of Big Island.

Mr. R. A. Van der Horst, of Steteroe, spent last Tuesday in our village.

Mr. L. E. Mills, Hardware merchant, of this place is about to erect a new residence on front street which will greatly add to the appearance of the place.

We noticed in the 4th con. items, the correspondent speaks of the "Cyclone" which swept through Melrose a short time ago, saying, if it had struck Shannonville they would not have been surprised. We would very much like to know their meaning, as we never have breezes of that kind here except when outsiders come in from Melrose or the 4th con.

MARYSVILLE.

(From Our Own Correspondent.)

Mr. Ed. McGurn returned from Ottawa last week. Ottawa must be a healthy city to live in judging by Mr. McGurn's appearance. He does not look as if the Kiel disease had worried him much.

Mr. Corbin left here for her home in Pawling N. Y. on Monday.

Mr. H. G. Stoughton, who has been living in the vicinity of Peterson's ferry for some time removed to Lindsay this week.

Mr. Fox and wife were driving across the G. T. R. track here, Thursday morning of last week, when the horse got his hoof caught between the planking and the rail, causing him to be thrown down violently and causing the buggy to upset and the occupants to be thrown on the track. Neither Mr. Fox nor wife sustained any injury, but the horse which was a valuable one is badly wounded.

A couple of masked roughs amused themselves again one night last week, by annoying an old woman named Cooper. It cannot be anything short of sheer devilry that prompts such a course. It is too bad that such fellows do not show their hands in daylight so that their identity might be discovered in order that they could be dealt with according to law.

DEMORESTVILLE.

(From Our Own Correspondent.)

Miss Nettie Clarke, the organist of the Methodist church, Shannonville, is on a visit to the parsonage here.

Cupid, the little god of love, has made a capture recently on Big Island. Mr. Williams, of the township of Rawdon, was united in the bonds of matrimony on Wednesday morning to Miss Letitia Mills, granddaughter of Thos. Mills, Esq., of Big Island. Miss Mills is held in high esteem not only in the home circle, but in the larger social circle of which she has been an ornament, and on entering on the responsibilities of domestic life she will have the hearty goodwishes of all.

Mr. Werden, son-in-law of Mr. John Crawford, of the Bethel neighborhood, was brought home a corpse on Saturday last week, and interred in the family burying ground in the neighborhood. The funeral was attended by sympathizing friends, and an appropriate service was preached by Mr. McKinnon, of the Presbyterian church.

Mr. Werden's last illness was of short duration. He has fallen a victim of malarial fever, aged 38, leaving a widow and five young children to mourn their irreparable loss.

GREINA.

(From Our Own Correspondent.)

The farmers around here are almost at a stand still waiting for something to turn up, or rather the rain to come down. The land is so hard and dry it is almost impossible to plough.

Our worth pathmaker has been repairing the highways. The neighbors turned out and helped so as to have a good track for the boys.

Remour has hit the young man from Kingston, who has been here, of late. We are likely to reduce our population. "We are always sorry to lose any; but then it is the last of the young girls."

Our village is out and healthy at present. The sick are so far recovered as to be able to attend to their duties. Mrs. Mellow is able to be out doors. John Humble looks well, while Mrs. Hamby is so far recovered as to come on the farm again.

Our Phoenix Cheese Factory has started out in full blast. The cheese is gathered from Greina, Macdonald, Barlow, Hay Bay, and Gosport. Hay Bay manufactures while Greina is in the market. The cheese is of the finest quality, and are widely known throughout our business centres at Deseronto and Montreal. They are eagerly sought after, oftentimes more than realizing cable quotations.

Miss Annie F. Grigg, of Caradoc, is spending a few weeks at her uncle's W. J. Mellow's.

The largest variety of Tobaccos and Cigars in town is at Bruton's. See his large Junbo plug of chewing at 15cts. or two for 25cts.

READ.

(From Our Own Correspondent.)

Mr. Corrigan has sold the May make of the Albert and Napier Cheese Factories in two lots at 7 cents and 6 cents respectively. The last lot was shipped last week.

Miss McCarthy, sister of the Rev. Father McCarthy, arrived from Ireland last week on a visit to her brother.

Mr. Donald McCrea is now working on the road in this division with a large gang of men. He is at present working on the side road near Marysville.

The great picnic takes place to-morrow (Thursday) in Hanley's Grove. Full particulars next week.

Your able and gifted correspondent on the fourth concession has been creating quite a stir with his cyclones.

The usual quiet and peaceful community of Bachelor's Walk was almost disturbed lately, not by a cyclone, but by a genuine tornado. One of our distinguished marksmen was engaged shooting in the woods of a neighboring squire.

Being armed he thought he would aim at a blackbird perched on the top of a high tree at a great distance. He missed the bird, but the branch on which it was perched.

The blackbird flew and warned a friendly whip-poor-will to be on the look out for the "Windy" ride. While the sport was thus engaged, it appears that the noise of the firing alarmed an excitable, nervous and highly excitable person in the neighborhood.

He rushed over to our neighbor the squire to complain of people shooting in his woods to the danger of the community. While this interview was going on the distinguished marksman appeared on the scene rifle in hand.

The squire, who had been informed with a Winchester rifle and thought he would aim at a blackbird perched on the top of a high tree at a great distance. He missed the bird, but the branch on which it was perched.

The long continued drought is becoming a serious matter for the country. The old meadows are all withered up and even new meadows will give but a scant crop if we now have rain. The crops are all getting scorched up from the continuous dry weather and in many places the result will be disastrous if rain does not come soon.

Almost every day during the past week it appeared as though it was going to rain, but the clouds broke away and the weather continued as before. As I close my dispatch, there are a few of the long desired rain clouds quite refreshing to see our eligible young men with their fine ladies and handsome top buggies driving around their friends these fine afternoons and evenings.

Some happy events, we have no doubt we shall be called on to chronicle in the not far distant future. We trust that Deseronto will soon again have marriage bells ringing.

Bruton leads, others follow. He is doing more and more business every day because he has every thing that is wanted every day; A large and well selected stock always fresh and at low prices.

LONSDALE.

(From Our Own Correspondent.)

Many years ago Lonsdale was noted for its iron (or as your 4th concession correspondent terms it Cyclones) and in those days faction fights were of a common occurrence, but of late years our village has been known as a quiet and law abiding community.

One evening recently some parties from the north were about having a regular fight at the west end of this village in regular Donnybrook style. Fortunately for the peace of the community a well known and popular Reverend Gentleman drove up at the time and scattered the contending armies.

Two of our respective neighbors started for the North West on Monday last by the C. P. R. expecting to travel about 2,000 miles.

Mr. Frank McCullough, son of Michael McCullough, whose health for a time has been bad is traveling in hopes of improving it, we hope he may have a pleasant voyage and return to his anxious parents as friends a sound and healthy young man. He is accompanied by Mr. Thos. McCullough, who is undertaking the journey in his old age to visit his brothers and sisters who left here and went to Manitoba a few years ago to make that country their home, they expect to stop at Winnipeg a short time, after which they will visit several cities and other places of interest.

We hear the young people and friends of the Church of England at Kingsford have made arrangements to have a grand picnic in the grove near that place on the 24th inst. and as they have a very efficient committee no doubt it will be a very pleasant and joyous time; large gathering is expected and no one will be spared to give satisfaction and make it a success.

Mr. John E. Sexsmith, one of our old and respected citizens, who has for a long time suffered from a fatal disease, passed away on Wednesday afternoon the 9th inst. by death.

While his family and numerous friends were at his bedside he passed calmly away without a struggle. The funeral was attended on Friday following by a large gathering of friends and relations at the Church on the Indian Reserve and his body was laid to rest in the cemetery at said Church.

Mr. John Smith is building a large barn to be ready for the coming crop; it was much needed as the old one was of little use.

Mr. Chas. Kinney is also tearing three barns down and building greater. He is about to protect his grain and have comfortable sheds for his stock.

Mrs. Sarah Forde just after arriving here to visit her brother, Donald McRae, and old friends, received the sad news by telegraph of the death of her daughter, Mrs. Bell Burnup, of Florida, and returned home to Deseronto in great grief. Mrs. Forde has a number of her many friends in Lonsdale her former home.

Mrs. Jane Martin, of Deseronto, is visiting at her daughter's, Mrs. J. M. Mellow, Alice Aylsworth and Miss Cory Bognart from Pictou are visiting at Mr. Bruin's.

COUNTY COUNCIL.

The County Council met at Belleville on Tuesday, 8th inst. The Warden in his opening address congratulated members on the reduction of the county debt of late years from \$80,000 to between \$50,000 and \$60,000. A large batch of communications and petitions were then read and referred to the committee.

Mr. Ashley presented the report of the committee on the administration of justice. The City of Belleville has the next day to pay \$3,000 annually as its share. On motion the thanks of the council were tendered to the committee for the satisfactory manner in which they had conducted proceedings, and effected a settlement. The committee on supplies for county officials and on county buildings submitted their report recommending the reduction of the Treasurer's salary from \$1,500 to a smaller sum.

The motion was subsequently referred to the committee on by-laws. The committee appointed to investigate the charges preferred against Treasurer Wells submitted their report through Mr. W. R. Aylsworth. The report was unanimous in sustaining Mr. Ashley's charges against Mr. Wells for not advertising sales in both papers; in not paying the Reeve of Hungerford the \$610, when he called for it, as he did the \$750 the year before; and that he also did wrong in buying land sold by himself for taxes. The other charges by Mr. Ashley were not sustained. In accordance with Mr. Hanley's charges, the committee held that Mr. Wells had conducted the sale of the Tyndin lands according to law and had no intention to mislead Mr. Hanley, and secondly that he did issue and cause to be distributed certain circulars to influence the last municipal elections in Tyndin.

The report was adopted. On Thursday morning several applications were received from county officials asking for increased salaries. The Gravel Road Committee reported that \$5,226 had been expended up to June 1st on account of gravelled roads chiefly for banking gravel; that the estimated expenditure for the balance of the year was \$6,573.06 making the total, \$11,800; that the superintendent deserves much credit for the character of work done. The report was adopted. Mr. Ashley reported that the deputations to Toronto had been successful in obtaining an appropriation of \$5,000 for the Thurlow drainage. The warden presented a statement of receipts and expenditures of the County from the 1st of January to the 30th of June 1886. The receipts were \$35,066.64, expenditure \$35,035. The sinking fund amounted to \$28,253. The arrears of taxes in union municipalities were \$4,000. The council was moved into a committee of the whole on equalization.

Mr. W. R. Aylsworth moved that the equalization remain the same as that of 1885. A discussion followed. Mr. Hanley called for a reduction of \$100,000 for Tyndin. Mr. Aylsworth's motion was carried. The equalization of Tyndin is \$1,900,000 and Deseronto \$150,000 out of a total of \$1,610,000.

Mr. Hanley moved that copies of the revised statutes of Ontario be secured for members of the council, and his motion was carried. On motion the receipts were \$35,066.64, expenditure \$35,035. The sinking fund amounted to \$28,253. The arrears of taxes in union municipalities were \$4,000. The council was moved into a committee of the whole on equalization.

to councillors. On Friday the Committee on estimates reported the estimated expenditure for 1886 to be \$50,690, about \$7,000 less than last year, rate on the dollar 4 mills. A by-law to appoint a game inspector for the northern township very properly received the six months' notice. The Bridge and Public Buildings Committee report having spent \$3,007 to date and the proposed expenditure \$9,000, of which \$2,000 is for a bridge at Shannonville. The fee for peddlers on foot was made \$20 with one horse \$40, two horses \$50. It was decided to secure a resident short-hand reporter for County Court. The usual grant of \$800 was made to the northern municipalities as a poor fund. After a long discussion a by-law reducing the Treasurer's salary by \$250, the amount allowed for an assistant was carried. It was resolved to spend \$3,050 on county roads out side of gravel roads. Tyndin receives \$600, and Deseronto \$100 of this amount. The auditors reported the Treasurer's account as neatly and accurately kept. It was decided to petition the Government to group counties for the purpose of locating therein preliminary hospitals for lunatics. It was resolved that County printing be let by tender. The usual grant was given W. C. A. for a hospital. The council adjourned until the last Tuesday in November.

THE QUEEN'S REIGN.

Her Majesty the Queen, who was born at
Kensington Palace May 24, 1819, entered on
the 50th year of her reign on Sunday. Only
seven of the Sovereigns of England, dating
from the Norman conquest, have exceeded
the present age of Her Majesty—Queen
Elizabeth, who lived 68 years; Queen
Elizabeth, who died in her 70th year; James
II., who nearly completed his 68th year;
George III., who nearly reached his 77th
year; George III., who died at the age of 81;
and William IV., who was nearly 72 when
he died. Queen Victoria is the 35th occu-
pant of the throne since the time of William
the Conqueror, the oldest of the line having
been George III. and the youngest Edward
VI., who only lived to be 16. There are
only three instances of longer reigns among
previous Sovereigns—namely Henry VIII.,
who reigned 56 years; Edward III., whose
reign lasted 54 years; and George III., whose
reign reached almost to 60 years. Only
three of the reigning monarchs of
Europe are older than Her Majesty—namely,
the German Emperor, who is in his 90th
year; the King of the Netherlands, who is
in his 70th year; and the King of Denmark,
who is in his 66th year; and George III.,
who is in his 66th year. The Queen has
lived at the present time seven children,
30 grand children, and 6 great grandchild-
ren. Her Majesty has been a widow over
24 years. The Prince Consort having died on
December 16, 1861. She is the only child
of the late Prince Edward, Duke of
Kent and Strathearn (fourth son of King
George III.), by his marriage with the Prin-
cess Victoria Mary Louise, daughter of
Francis, Duke of Schleswig-Holstein-Sonder-
burg-Saebold, sister of late Leopold I.,
King of the Belgians, and widow of Emili-
Charles, prince of Leiningen.

LARGE quantities of strawberries are

Don't permit yourself to enter another
year in the history of our fair Dominion
without having paid your subscription to
THE TRIBUNE for 1886.

Mr. James Kimmerly last week sent in
a good sample of new potatoes grown in
his garden. They are the first that we have
seen this year.

THE Star Hero carried an excursion of
the Belleville Knights of Labor to Glenora
last Friday.

A band of so called gipsies have been camp-
ed on the Nanpess road during the past few
days. They seem to deal chiefly in tinware.

The sloop Bungee, Capt. Stokes, has been
carrying sand from a point down the bay
to Deseronto for building operations.

We are not assured now that summer is
with us as the man taking guard for shirts
is around and don't you forget it.

If you want to buy a cheap book, cheap
notebook and envelopes, ink, pens, and
pencils, then go to THE TRIBUNE office.

An important question: have you paid
for this copy of THE TRIBUNE which you
are perusing with satisfaction?

Nova Scotians must admit that they have
derived some advantage from their union
with the upper provinces. They have learned
the noble art of stealing ballot boxes.

THE new sewer on the east side of Fourth
street is nearly completed. It is not yet
well to run another drain down the centre
of that street in order to make the drainage
complete?

SEVEN being the anniversary of the ac-
cession of the Queen to the throne and open-
ing of the fiftieth year of her reign, the
special prayers and palms were read in
Christ Church on the 24th inst. and the
national anthem sung at the close of the
services.

CHIEF S. Green expects to leave for Eng-
land about the first week in July on his
mission to collect funds for the Indian
Churches on the Mohawk Reserve. He has
received his credentials from his Lordship
the Bishop of Ontario, and will reasonably
be successful and have a pleasant voyage.

STRONG committees have been appointed
by the congregations on the Reserve to make
arrangements for the mammoth picnic to be
held in September. It is determined to
make this the greatest event of the kind
ever held in this district. The proceeds
will be devoted to repairing the parsonage,
a laudable undertaking.

THE Rathbun Company's drive of logs
and timber on the Salmon River is making
good progress considering the low state
of the river.

It is thought that in a few days
that it would be almost impossible to
bring this large drive through, but under
the able supervision of that veteran man-
ager, Tobias Butler, it will reasonably
certain that the logs will be safely deliver-
ed in the booms at Deseronto.

AT THE close of his sermon last Sunday
ending Rev. R. J. Craig, the pastor of the
Church of the Redeemer, referred to the
fact of that day being the 49th anniversary
of Her Majesty's accession to the throne.

In eloquent and poetic terms he referred
to the virtues which have ever distinguished
her as maiden, wife, mother and queen, and
by which she has been endeared in the
affections of all classes of her subjects.

The congregation then united in singing the
National Anthem.

SEVERAL complaints have been lodged at
this office in reference to the indecent
practice, which many boys indulge in, of
bathing at all hours of the day on the shore
of Deseronto.

THE Mohawk Church. This is especially objectionable
to people going to church on Sundays and we
are requested to use our influence with the
proper authorities to apply a remedy. At
the same time we are also requested to
direct their attention to the habit of car-
d-playing and gambling indulged in by many
Indians and whites on the roadside leading
to the Church on the same day. We have no
doubt the Indian council will endeavour
to put a stop to these objectionable practices
so offensive to worshippers at Christ
Church.

ANOTHER noon on Wednesday, 23rd inst.,
Mr. CHARLES DYKES, one of the oldest re-
sidents and best known citizens of Deser-
onto, passed away in the 54th year of his
age. He had been ill all summer, and a
few weeks ago took severely ill at Oswego,
the disease being absence of the liver. He
was brought to Deseronto and continued to
suffer until released by death from his
sufferings. Deceased, who was a native
of North Fredericksburgh, where he at one
time owned a farm, came to Deseronto 24
years ago and has resided here ever since.

He has during that time been in the employ
of the Rathbun Company various capacities,
and in every respect continually enjoyed
their confidence and esteem, as he was ever
found eminently faithful and attentive to
his duties.

Mr. Dykes was a Justice of the
Peace, and for 12 years a member of the
Village Council, to which he was always re-
elected. He had been a member of the school
board of Deseronto, and always took a great
interest in the public affairs and welfare
of the village. He is survived by his wife
and five of his seven children. The funeral
which will be attended by the members
of the Deseronto Lodge, of which he was
a zealous member, takes place to-day
at Nanpess cemetery.

Strawberries Sets a box or six for a quar-
ter, and prices coming down.
The first races of Deseronto. Cause
Club will take place on Saturday evening.

Joseph Houle had a finger badly jammed
the other day while working in the Big Mill.
Splendid prizes will be given by the com-
mittee for Athletic sports on Dominion Day
at the Oldfollies picnic.

Mr. John Dalton has secured the services
of a first class upholsterer and is prepared
to attend to all orders in that line of busi-
ness.

This night blooming Cereus in the conser-
vatory of Mr. E. W. Rathbun is now in
full bloom. The conservatory is open to
all who wish to see this great botanical cu-
riosity.

Mr. Wm. Hill reports crops good along
the slash road, and he also reports that he
walked to Nanpess last week and found grain
and everything looking well.

THE Rathbun Company Band desire through
our columns to thank the Ladies Missionary
Association of the Church of the Redeemer
for their liberal donation to the band fund.

Port Hope has a grand demonstration on
Dominion Day, which bids fair to outdine
all competitors. We desire to thank
the committee for the kind invitation to
enjoy the festivities of the day.

Dr. Talmage, the famous divine, will
preach at the Thousand Island Park on
Sunday. The "Hero" will carry an excu-
sion to the Park, tickets for the round trip
75 cts. Passengers can return to-morrow
or on Monday as they please.

Mr. Woodcock and company struck a
bonanza by buying the flour rights in the
amash-up on the G. T. R. the other day.
They secured a ton of flour and grain for
five dollars.

Mr. Mix has just arrived from To-
ronto with a large stock of Hats,
Bonnets and Fancy Millinery which
she offers for sale at half the usual
price paid for such goods.

Mr. Chas. A. Millner was summoned
to his home in Adams Centre, N. Y., on
Friday last, having received the sad tidings
of his father's death. The deceased gentle-
man was at one time a resident of Kingston.

At a meeting of the Trustees of the Metho-
dist Church on Wednesday evening last,
it was decided to enlarge the church this
present summer by extending it to the big
amash-up on the G. T. R. the other day.
They secured a ton of flour and grain for
five dollars.

A fair visitor from a neighboring borough,
encouraged by the success of the young lady
who captured Capt. John's Island, went out
the other evening to try her luck at the
"gentle art." After waiting patiently for
two hours for a bite, during which time her
serious and despondent countenance was a
study for an artist, she at length caught a
small sun-fish which she has preserved in al-
cohol as a trophy of her skill.

NEXT Thursday the Dominion of Canada
enters on the twentieth year of its existence
as a state. We are only to look back to
the date of Confederation and consider our
condition at that time, to see that our young
country has made vast strides in advance.

The latest of our depression, while the
completion of the great national highway
which girds our fair land from ocean to
ocean. The past few years have witnessed
much commercial depression, and the un-
happy insurrection in the Northwest and
its political consequences, and the repeal
agitation in Nova Scotia may prove an-
noy. Still there is no reason for despon-
dency. Whatever political fate awaits us,
whether we are to constitute one of the
members of a grand imperial federation, or
become an independent nationality, or join
our fortunes with the great republic, Can-
ada is destined to play an important part
in future history. Let us unite in cele-
brating with joy and gratitude the natal day
of the Dominion.

A pleasing social event which has been
looked forward to for some time, with gen-
eral interest took place on Wednesday eve-
ning, 23rd inst., the occasion being the mar-
riage of Mr. Lewis Hoppins, of the Central
Office of the Rathbun Company, son of Mr.
A. H

From Our Own Correspondent.

Mr. Calvin Scott, of Athol, spent Sunday with his grandmother, Mrs. H. Cole, who is getting very feeble.

Mr. Franklin Osborn is on the sick list. J. J. Fralich has another con story to add to his list of stories. He caught an old con and three or four young cons in a few rods from the house; and there are a couple of cons up the road he has an eye on.

Mr. A. VanDusen was very agreeably surprised last week by receiving a visit from his aged parents of Brighton.

Mr. Martin Wood claims he is ahead on the goose question, as he is owner of a pair of geese that have laid 40 eggs and hatched 18 gosling this season. If Martin has any daughters there will be a chance for some young man to feather his nest.

HAY BAY.

From Our Own Correspondent.

Well, Mr. Editor, I suppose you have been waiting patiently for correspondence from Hay Bay. I am here at last, but only to acquaint you and others again of a certain fashion (mentioned in your paper last winter) which has spread more than ever around this country. The happy religious dance which took place on Sunday last, at a new house in Hay Bay, kept up our pious young ladies and gentlemen until morning the next day. Oh! Mr. Editor, I came very near forgetting to mention that not all them ladies and gentlemen, but use the more appropriate words dancing nobbs, who generally get up a dance very fresh in memory the death of loved one gone before, and to give a good reputation to a house before it is finished. Well my young friends I really thought you had lowered yourselves quite as much as you wished to last winter, and I gave you good advice to keep back from similar occurrences, as I saw I had not been taken. I will give another. The next time a dance occurs just take your souls into consideration and omit that of your feet and violin, and your characters will be left in a fit state to be criticised. I with my friends wish to congratulate the carpenters employed in building Mr. Bell's house for the last progress they are making. I am pleased to make mention of the fact that the Rev. J. E. Robson, our pastor of Hay Bay, is to remain on this circuit another year, and we sincerely wish that he will be as pleased to remain as we are to receive him again as our deryman. Fishing turned out to be a success this season, and many are wishing it will remain so.

NORTHPORT.

From Our Own Correspondent.

Miss W. E. Wilson is visiting at Mr. W. H. Wilson's.

Miss L. Anderson, of Rossmore, is visiting friends here.

Mrs. John D. Vincent, of Coe Hill, is visiting friends here.

Miss Williamson, of Picton, has been visiting friends for the past few days.

Mr. A. A. Benson, of Watrous Engine Works, Branford, is visiting with his father and mother here.

Miss Brian of Belleville, is visiting at Mr. John Baker's, the guest of Mrs. B. R. Wolever.

Northport base ball club was defeated by Demoreville club on the 10th, but our boys say they will make the table turn the next time, as it was very close.

Work has been suspended on our new church for the want of material not coming from the factory at Belleville. It really seems too bad that the carpenters have to lay idle for such sloveness and carelessness on the part of the factory and contractor. The brick work had been completed some time ago, and it certainly is a credit to Mr. Booth the contractor of that part of the building.

The Methodists intend holding a grand strawberry festival at these church here on Thursday evening next, which is expected to be a great success, as invitations have been issued to many noted parties to attend.

Mr. Dorland Fox and James B. Cronk leave on Tuesday for the Colonial Exhibition at London. They will sail with the Allen line steamship Parisian. We all join in wishing them a bon voyage; they expect to visit Ireland and France before returning.

PICTON.

From an occasional Correspondent.

Anyone who has visited Picton before and coming here this summer will be struck with the marked improvements in the appearance of the harbor. Three immense stonehouses are newly completed. Mr. A. Hepleun has built a coal shed which he has had covered with galvanized iron specially imported from England for the purpose. The Rathben Company are building another large coal shed and they intend building a waiting room, &c., for the accommodation of passengers using their boats. The Cleveland Pica Co. have also erected a large storehouse which is the largest in the country and when completed will give employment to about 60 persons.

The High School scholars are revising their work, preparatory to the examination which comes off the first week in July. Good results are confidently expected by the masters.

Quite a number from the county are going to England to the exhibition. Mr. Holway of Concession starts next week. Who's next? The 16th Battalion will go to camp in a year either at Colburg or Kingston. This is the third year in succession that the corps have been drilled in the government must evidently expect another rebellion (probably in Nova Scotia).

It has finally been decided that the Rev. J. F. Oakley late of Port Perry will accept the pulpit of the stone Methodist Church here. Mr. Gee the gentleman who was appointed by the Conference goes to Millbrook.

Ere the smothering embers of the Canning Factory had wholly consumed that structure Mr. W. Boulter the proprietor instructed an agent to purchase if possible the plant of the ever was unsuccessful. The negotiating however was successful as the plant was not for sale. On Saturday morning last Mr. Wm. Miller left per steamer "Hero" for Camden, N. S., to purchase the

necessary machinery which will be here this week. The old premises will not be rebuilt this season but an addition of 70 feet will be built in the rear of the Evaporator. Such enterprise is worthy of great encouragement.

READ.

From Our Own Correspondent.

Our old settlers are fast disappearing and one by one the pioneers of civilization, who did so much for the settlement of the country in a former generation are passing from amongst us. We regret to be called on this week to announce the death of Mr. Patrick Brennan, of the 6th con, which sad event took place on the 14th inst. Mr. Brennan had been in poor health for the past year, and very weak for some weeks before his death. He departed this life surrounded by his family and friends, and fortified by the rites of his church, in a good old age, being 83 years old. Mr. Brennan was born in L. Curran, Queen's Co., Ireland, in 1803, and came to this country in 1826. In 1840 he settled in Tyendinaga when it was a private forest, and like many others heaved out for himself a home in the woods and went through all the experiences of opening up a new country. The traveller passing through this section now with well cleared farms and good roads, can form but little conception of the many trials and privations of the early settlers. The late Mr. Brennan's funeral took place on the 16th inst., at St. Charles' Cemetery, when there was a large and representative gathering present. Mr. Brennan was a kind and genial friend, a good neighbor and an enthusiastic lover of his native land. He was never so happy as when he was able to assist a fellow Irishman. We extend our sympathy to the widow and the family.

The grand picnic in Hanley's Grove took place on the 17th inst. There was a thunder storm and heavy shower in the morning, but the sun came out and the picnic nature was refreshed with the rain. The picnic proved a decided success. There were 1,500 on the ground, and the general proceeds amounted to over \$800. After deducting expenses a handsome sum will be realized. The Napanee Brass Band furnished the music, and a Quintette Band furnished music for dancing. A good platform had been erected, and the disciples of Terpsichore enjoyed the many dances to their heart's content. The various games were well conducted. Not being furnished with the names, I regret not being able to give the list of those who won prizes. The gold watch for the young lady who sold the most tickets, was awarded to Miss Doreen, of Shannonville. Miss Doreen won the \$25 and Miss Jane Hanley \$121. These ladies deserve all praise for the energy and labor they displayed, and which added so much to the financial success of the picnic.

The weather has been very dry, but on Tuesday evening and Wednesday we had refreshing showers.

Our slawart women are now engaged performing their statute labor and improving the Queen's highways.

MELROSE.

From Our Own Correspondent.

Your Shannonville correspondent does not seem to take kindly to having Shannonville spoken of as it was by the Fourth Concession correspondent and retaliates pretty sharply. Probably the Fourth Concession correspondent did not intend what he wrote as a slur on the people of Shannonville, but was only thinking that Shannonville was the place where the incident occurred. It is very similar to the one at Melrose, as, no doubt, he has a very vivid recollection of a certain man from the Fourth who got an arm badly hurt in Shannonville not very long ago.

In the first scene a man of venerable aspect upon whose noble brow intellect had left a stamp was attracting considerable attention. Occasionally there would be heard a burst of applause, which was caused by some remarks that fell from his lips. Like all cultivated men he fitted his remarks to his audience, so that what he said was rather common place; and to show that he was "one of the boys" he was attempting to make a plug of tobacco do in place of a cigar. But in a short time he was interrupted in his mirthful antics, and this introduces us to the second scene. A "cyclone" was started, "I thank thee, fourth-liner for teaching me the word." This "cyclone" was different from the majority of them as water and nothing to do with it. This venerable man now rushed into the midst of it with no very clear idea of what he was doing, as some say he was laboring under a fit of temporary insanity. A violent passion quickly changed his position from the perpendicular to the horizontal, and "completely changed the spirit of his audience." He was assisted to rise by one "near and dear" to him. He was sighing and groaning that his arm was out of joint or broken or both. In the last scene the same man was seen standing around with his arm in a sling with a most woe begone expression of countenance, the bubble brow was contracted with pain, all his mirth was gone, and he was no longer attracting any attention, excepting an occasional pitying glance. When the Melrose correspondent, who felt genuine pity for the injured man, approached him to inquire about the arm he seemed to be almost stupefied, with pain probably. The readers can rest assured that there is no ill-will lurking underneath this communication as it is only a reminder to the "Rhymer," that he should remember.

When writing of Melrose "cyclones," That "those who live in glass houses Should never throw stones."

The days now begin to grow shorter.

Nineteen Indians were placed on the voters list of Deseronto.

Mrs. Finlayson is meeting with wonderful success in the sale of tickets for that fancy quilt.

A GLEAN hall will be held in Independence Hall on the evening of Dominion Day. Good order, good music, and a grand time guaranteed. Tickets 50 cts. per couple.

The Rathbun Company are shipping large quantities of cedar paving blocks to Toronto and some cities of Northern New York.

We have received a copy of the prize list for the forty-first Provincial Exhibition, which is to be held at Guelph from Sept. 20th to 25th.

An attempt was made last Saturday night to cut the throat of one of the horses on the Bay View Farm. It is a pity the miscreant who attempted this outrage could not be caught and punished.

It is suggested that each citizen turn out this evening and cut away the burdocks, weeds, thistles, &c., on the streets opposite his residence. Let there be no laggards in the good work.

Mr. Woolver, who has been assisting Mr. Stoddart in the Big Store, has returned to Belleville, the latter gentleman having so far recovered from his accident as to be able to assume all his duties.

A horse belonging to Mr. John Marrigan, Jr., while in the field went to an old well to drink when he slipped in, but was fortunately relieved from his perilous position without much injury.

We have received from the Minister of Agriculture a copy of the Hand Book of Canada, for the purposes of the Colonial and Indian Exhibition. It is full of interesting information and accompanied by valuable charts and maps.

Owing to the prolonged illness of Mrs. Lewis, wife of his Lordship the Bishop of Ontario, the meeting of the synod has been changed from Kingston to Ottawa, where it will take place on Tuesday, July 6th.

We wish the Council or some public spirited citizen would lay down a new platform and boardwalk in front of the Tribune office, those at present doing duty being rather dilapidated, and in fact, dangerous.

We have been informed of a scuffle in which two young ladies, one of them at least from Thomas-street, were the principals. It took the form of what is known by the sporting fraternity of a rough and tumble encounter. Our informant states that the fair amazons were not at all particular about their frizzes whether they were rolled up or unrolled, and that their cries as they advanced to the fray would have discounted the war whoop of an Indian brave.

A TEAM of horses belonging to Mr. Peter Ryan, of Kingston, made a lively runaway from the flour mill last week. They dashed into the yard of the O'Connor House where they were captured after much damage had been done to the wagon. In this connection we may state that we learn there is no necessity whatever for farmers to leave their horses at the flour mill as the hands load and unload the wagons and they can depend that weighing, &c., will be done correctly. Much time would be saved and risk avoided if farmers would remember this fact and act accordingly.

The road leading past the Mohawk Church is very rough and unpleasant for driving and requires considerable repairs.

However, that is the condition of all the roads in this part of the country.

We learn that Mr. John McCullough has purchased the brick block recently erected by Mr. C. Goodmurray for \$5,100. The new proprietor has commenced busy hurrying forward the completion of the building.

The Rathbun Company Band very thoughtfully marched to the hall and played a number of selections in honor of the Broom Brigade on the occasion of their visit on Tuesday evening.

CHARLES McDavid having refused to perform statute labor on the 5th con. of Thurston has been ordered by the police magistrate of Belleville to pay 60 cents per hour for the number of days labor he should perform, and also the cost of the court.

The number of baby paramulators to be seen on the boardwalk this season is something wonderful. Pedestrians find them a regular nuisance after six p. m. and a by-law for their withdrawal at that hour is demanded. All babies under fifteen years should be in their little beds by six o'clock.

It sounds odd to Canadian ears to read that the government party in England lacks money to contest the elections. If England had great statesmen such as we have in Canada, there would be no such complaints. Gladstone should have passed liberal railway subsidies or colonization road grants before going to the country, and thus have provided his party with funds.

We learn that some of the Napanee visitors nearly met with a serious accident while en route to the fair on Tuesday night. They happened to drive up a steep bank and came to grief against some piles of stone and earth. The night was very dark and there was no light to warn of danger. Fortunately no serious injuries resulted and the corporation luckily escaped a big bill for damages, which would have been the result of their carelessness.

At the court held at Shannonville for the final revision of the Dominion Voters List for Tyndinaga, a petition, signed by Chas. Brad, George Marshall, Isaac Green, H. Fox, J. Lewen, J. Moses and fifteen other Indians of the Mohawk Reserve, was presented to Judge Fraick, begging to inform his honor that some party or parties unknown had placed or caused to be placed their names on the list without their knowledge consent, and requesting his honor to strike off their names as they had no desire to meddle with white men's affairs.

The promotion examinations will be held in the public schools next Tuesday and Wednesday, the 29th and 30th inst.

It is estimated that all day between Deseronto and the Mohawk Grove, on the occasion of the Oldfellows' Picnic on Dominion Day.

About 7.45 o'clock on Tuesday evening a lamp in Mr. G. E. Fraser's store fell and set fire to some stuff near it. It was fortunately observed by Mr. Thomas Naylor, who dashed across the street, and with the assistance of Mr. Ralston and others threw the burning mass out on the street, thus preventing the destruction of the Smith Block.

West's World or Family Liniment is a remedy that no well regulated household should be without, as it is a positive cure for Rheumatism. It is invaluable for Sprains, Cuts, Bruises, Burns, Sores and all diseases requiring external application. Price 25 and 50 cents per bottle. Sold by W. G. Egar, druggist.

LOCAL TALK.—For the benefit of the Trading Public and to afford accommodation to the people of Deseronto, a mixed train leaves the R. K. Depot every morning at 7.45 for Kingston. Parties can go to Kingston or Napanee and back same day, having about eight hours in Napanee and four in Kingston. Low rates of Fare: Kingston and return, \$2.20. Napanee and return, 50 cents.

The public are standing by the early closing movement in Deseronto. The ladies, as they are expected, are lending their powerful influence and abstain from shopping after six o'clock. The workmen feel that it is their duty to be giving loyal support. The movement is making great progress over the Dominion. The pulpit is at last joining in, Dr. Potts, of Toronto, having preached a powerful sermon last Sunday advocating early closing. A synopsis of this excellent sermon may be found in Monday's Mail.

There is no trick to which boys will not resort in order to regale themselves with strawberries, green currants, gooseberries and other fruit so palatable, and well calculated to disturb the internal system of juveniles. Mr. Wm. Dunning is greatly annoyed every day by school boys who throw their hats over his fence, accidentally of course, and who, while recovering them, rob his fine garden of large quantities of fruit and vegetables. The chief will escort trespassers to the station if this practice is continued.

Mr. W. C. B. Rathbun, proprietor of Bay View Farm, has given orders that the farm gates must be shut, and the road leading through the farm be closed to pedestrians in the evening. He has been very unwillingly impelled to this action by the perpetration during the past few weeks of a number of outrages by different parties. Rewards have been offered for their apprehension but so far without success. It is a great pity that the misconduct of a few should result in depriving the public of such a pleasant and healthy promenade.

The Oldfellows Picnic on Dominion Day will undoubtedly be the success of the season as every step has been taken by the appointed Committees to make the affair pleasant and entertaining to their visitors. The Broom Brigade of Napanee will give their unique entertainment and the Rathbun Company Band will be on hand to discourse excellent music during the day. The ladies of the Church of England, and Methodist church will outvie each other in supplying delicacies and toothsome dinners to their patrons on that occasion.

Payne's Grand Victory the other day to the Big Stables of the Rathbun Company every thing was found in the best of order. A place for everything and everything in its place, neatness and cleanliness, clean and the principles on which Mr. Jacob Breault, the superintendent, conducts that great establishment. He is ably seconded by his assistants Messrs. George Akey and James Crawford. Great attention is paid to ventilation and proper preparation of the powder for the horses. Powdered charcoal from the chemical works is used in the stalls to prevent ammonia and other offensive odors. Mr. Breault has at present thirty horses and four mules under his direction.

If you want to pass a day of unalloyed pleasure be sure to attend the picnic at Black's Grove on Dominion Day. The members of the Home and domestic congregation under whose auspices it will be held have made very elaborate preparations. The grounds have been cleared up and otherwise made very attractive. The committee have secured the services of the two best string bands in Belleville, and erected strong and spacious platforms for dancing. The prizes for athletic contests are handsome and valuable. People will be present from all parts of Hastings and Lennox, and as trains and boats will run at all hours, the chances are very great for exceed that of previous years. Meals will be served at exceedingly cheap rates, and all conveniences for comfort will be found on the ground. Trains ran from Deseronto at all hours, landing passengers near the grounds.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? Depend upon it, mothers; there is no mistake about it. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for use by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

On Friday morning last a through freight which was immediately following the morning train, left the track at the crossing. It is supposed to be a broken rail when about a mile east of Deseronto Junction. Thirteen cars were wrecked and their contents scattered far and wide. A wrecking party were soon on hand from Napanee but shortly after getting to work they struck for higher ground, and consequently returned to the place from whence they came. A new gang having been engaged from elsewhere set to work and soon had the track cleared and the train started. A wrecking party only being able to work between trains the labour of cleaning up the debris took a long time during the morning. The gamins of the surrounding country and Deseronto committed predatory attacks on the salvage and returned to their hidden dens, where they whereby the old adage is proved true that it is an ill wind &c.

On Tuesday evening an invading army consisting of the famed Awkward Squad and dashing Broom Brigade, of Napanee, marched on Deseronto, which after a feeble resistance was successfully assaulted and captured, the young men of the town basely making an unconditional surrender to the fair invaders. The entertainment which took place in the Presbyterian School Room, was of a very pleasing character, and we are quite certain that had citizens been aware of the musical treat in store for the occasion, a much larger attendance would have greeted the visitors. The proceedings commenced with an instrumental duet by the Misses Tilly and Bennett, after which followed the fancy drill by the Broom Brigade who under Miss Dunbar, their pretty Captain, went through the manual with the broomstick and dusting pan, and performed their different evolutions in a manner deserving of all praise. The singing by the Quintette composed of Miss Emma & the Messrs. Bennett elicited an encore and the solo by Miss Louisa Enay, quite a talented young vocalist, and the vocal duet by the Misses Tilly, were rapturously applauded. Reading and recitation were rendered by Miss Eva Taylor and Miss Armstrong who acquitted themselves well. The Messrs. Herring & Empey also contributed an instrumental duet and several choruses were excellently rendered. The fancy drill by the Awkward Squad was watched with much interest and earned well deserved praise. The closing parade by the two corps was excellent, the only fault being that the Broom Brigade bore themselves with more steadiness and precision than their gallant competitors. However both the Awkward Squad and the Broom Brigade were well equipped with small measure of credit on Mr. W. T. Thompson their leader and instructor. We hope Deseronto will in future be favoured with such similar visits from our Napanee friends.
